

# CLIENT NOTICE

February 10<sup>th</sup> 2014

**To All Physicians Referring CCO-FOBT Testing to Alpha Laboratories: Subject Expired Kits**

Dear Doctor,

We anticipate that some of the remaining CCO-FOBT kits previously distributed are due to expire during 2014 and ask that you please check your inventory.

- Please return or discard all expired kits and those that will expire in a month.
- Please do not issue kits that are due to expire within a month after seeing a patient as there is often a delay in their use and subsequent return for testing.
- Please contact our supplies department for replacement kits as needed.

Thank you for your cooperation in this matter.

Sincerely,

---

Robert Cheslo-Trengrove  
Quality Manager  
Alpha Laboratories
